Payment Information

Thank you so much for your business! All new clients are billed a one-time only family registration fee of \$149. Once we receive that payment we will schedule your consultation and set your student(s) up with the best tutor(s). Then, we will email you an invoice based on the number of sessions you are purchasing. Please use one of the forms of payment listed below. Payment must be received prior to the first tutoring session. Please do not give money directly to the tutors.

Forms of Payment

You can pay securely online via an electronic invoice (credit card or debit card) through our software called Tutor Cruncher.

You may also pay using Paypal via our website: <https://www.yestutoring.com/make-a-payment>

For course registrations and payments please use this link: <https://www.yestutoring.com/test-prep>

Package Information

Tutoring packages enable our customers to get a discounted rate for tutoring. All package purchases must be paid-in-full at registration in order to receive the package rate.

Example: If you would like to purchase a 20 pack but would like to make payments, you must purchase 2 ten packs at the appropriate rate or 20 sessions at the hourly rate.

Group Formation

It is your responsibility to find 1-2 other students for group discounts.

Referral Bonuses

The best compliment we can receive from you is a referral! When you refer a friend, co-worker or family member who books 10 sessions or more, you will receive \$20 in Tutor Bucks to put towards your future packages.

Parent/Guardian Presence

We prefer to complete tutoring sessions at a local library, however, in the event where tutoring must take place in the home, a parent or guardian must be present **at all times**.

Cancellation Policy

Our tutors schedule their students 1 week in advance. They do not schedule any other students during your time slot. Out of consideration and respect for our tutors' time you must notify him/her 24 hours in advance to cancel for either in person or online tutoring. If you fail to notify in the allotted time frame, you will be charged for the session. We ask that you schedule with your tutor at least one week in advance.

Pay-per-session Clients

I agree that I am responsible to pay for all tutoring sessions. If I do not choose to purchase a discounted tutoring package and instead pay per session, then I authorize YES Tutoring to charge my credit card after each session is complete for the invoiced rate.

I, _____ (name) have read and understand the price list and policies stated above.
